	use. The airbase headquarters and an unidentified hir Force school are located in the Klecany Castle (71). Enlisted men are quartered in a number of barracks (75) west of the Klecany - Drasty road and adjoining north-west part of Klecany. Two large hands and some administrative buildings (72) are situated in the vicinity of the Castle.	
c.	On 26 September 1953 there were about 100 to 1203 aircraft parked in front of hangars. To air activity was observed.	
đ.	An aircraft factory (%) is located in the "odechody area." the factory is used for assembling aircraft. During the Korean war the factory worked in three shifts. A period of stagnation came with the arministice in Korea. There are runors among the employees that the factory will soon resure full production again. The factory has its own airstrip (%) situated southwest of the Postrizin — Klickey road.	50X1
